TECH LANDSCAPE REVIEW

Tech Landscape Review is a service that looks at your idea, evaluates if similar ideas are being or have been developed elsewhere. It looks at the longevity of the technology and possible alternatives which might be better.

It takes also a look if the product can generate an ROI before competition start to eat into your business model.

innova.ventures is a globally active management consulting firm. Our mission is to enable companies to become more innovative. Our target companies range from start-ups to scalable enterprises. Our services span from light weight coaching, mentoring and consulting to heavy lifting access support to global markets.
