

TEAM (UP)

Team(up) assesses the skills and knowledge levels of the current team members. The intent is to understand which skills are potentially missing, when will they be needed, can they be added through additional training, or do I need to add additional team members to cover those missing skills?

TEAM (UP)

TEAM (UP) IS AN EVALUATION OF THE START-UP TEAM

Overview:

The "Team" is the most important element of a start-up. This service evaluates each existing team member, analyzes strengths and areas for improvement and also recommends for further skills to be acquired by team members or by adding new team members.
